Knights will go out, but their opinions not carry any weight.

Reports from Brooklyn and Jersey City to-day indicate that the Knights in those cities are taking no steps looking

o a sympathetic strike. The Knights in this city as well a the union men generally are anxiously exaiting the outcome of the conference of labor leaders which takes place in Chicago to-day. If those leaders decide that a general strike would be advisable and issue an order to that effect it would certainly have more weight than Sovereign's "request."

One apparent reason why a genera One apparent reason why a general strike is not likely to occur in New York is to be found in the fact that the severe drain upon the treasuries of local mions last Winter has left them in a epleted condition, and there are no finds to support the members if they were to go out.

"If the sun succeeds in getting through the clouds to-day," he said this morning to an "Evening World" reporter, "it will make things broll."

The situation is further aggravated by a high percentage of humidity in this vicinity especially, the wet-bulb thermometer registering 70 degrees.

"The general direction of the wind is from the south," he said, "and we are lifely to have showers to-day or to-morrow with thunder and lightning."

The heated area extends all over the country east of the Mississippi Valley.
